SKILLS

Languages – *Swift, Python, Java*

Technologies – *Xcode, CocoaPods, RxSwift*

EXPERIENCE

The Walt Disney Company, Burbank, CA – *iOS Software Engineer*

AUGUST 2018 – PRESENT

- Lead a multi branded iOS/tvOS streaming platform that includes ABC, ABC News, DisneyNOW, Freeform, FXNOW, National Geographic
- Consolidate multiple apps into one codebase through architecting generic solutions, making the platform easily maintainable and scalable
- Built an internal cross platform tool using Python, that automates manual updates, and saves time across client teams
- Mentor interns and other engineers by being their go to person for technical questions and anything else they may need to know

Intuit, Mountain View, CA – *Software Engineer Intern*

MAY 2017 – AUGUST 2017

- Created an internal tool that helped reduce the amount of time required to diagnose and resolve errors during the batch data ingestion process
- Extracted crucial data from output files and calculated historical stats by creating a web dashboard using Bootstrap to improve ingestion phase efficiencies

EDUCATION

University of California, Berkeley – *B.A. Cognitive Science, Computer Science Minor*

AUGUST 2014 – MAY 2018, BERKELEY, CA

INTERESTS

Rock Climbing, Mountain Biking, Snowboarding, Book Club, Food, Graphic Design
